***"I used to worry about my children's health during the winter.
Now, I know they're safe and warm." –***

Sakli Devi from Vaishali

Voice of a mother of 2 children about the Basara Educational and Welfare Society

Executive Summary

Basara Educational and Welfare Society is committed to improving the lives of underprivileged communities in Bihar. This report highlights our key achievements during the year 2023-2024. Our focus on basic health check-ups, blanket donation camps made a tangible difference. Our health checkups identified 144 individuals with diabetes and 194 individuals with high blood pressure, providing critical early intervention. We successfully conducted 3 blanket distribution camps, reaching 1200 beneficiaries.

Introduction

Since its inception in May 2021, Basara Educational and Welfare Society is dedicated to promoting health, education, and empowerment in underprivileged communities. With a strong presence in Bihar, our organization has been working tirelessly to address critical issues affecting vulnerable populations. Our team consists of experienced professionals committed to making a positive impact through sustainable and community-driven initiatives.

Our Vision

Our vision is to engage more people in the fight for better Life, education & Health of needy people & women empowerment.

Our Mission

Our mission is to enhance quality of life for all and create lasting solutions to poverty, hunger, and social injustice. To provide support build capacity and integrate individuals into main stream society who have traditionally been suppressed personal, social, economic, and political domains.

Objectives:

To support its vision and mission BEWS has considerable objectives which are as follows:

1. To open a college to revive the dreams that were sacrificed due to a lack of money
2. To promote education, awareness, skills, and IT by establishing educational institutions, centres, hostels, and vocational training programs.
3. To empower women to face harsh realities and counter-violence within the home and society through education, self-help, cooperatives, networking, and access to rights.
4. To reduce poverty by improving the economic status of individuals through income-generating activities.
5. To empower youth and adolescents by providing vocational and skill development training for sustainable livelihoods and employment.
6. To rehabilitate child labourers and educate children about their rights.
7. To improve the health status of communities through medical camps, health education, and awareness programs for underprivileged populations in remote villages.
8. To eradicate illiteracy.
9. To promote gender equality.

The Basara Educational and Welfare Society has expertise in many areas of activity that give wings to its vision and mission.

1. **Women's Awareness Programme:** This program aims to educate women about their rights, health, and opportunities.
 2. **Cultural Programme:** Under this program, events and activities are organized to preserve and promote cultural heritage, fostering community spirit and cultural pride.
 3. **Women's Empowerment:** This program focuses on providing women with the skills, education, and resources needed to achieve economic and social independence.
 4. **Training Programme & Workshops:** Practical sessions and courses that equip participants with specific skills and knowledge for personal and professional development.
-

5. Seminars & Conventions: These events focus on community development and individual growth.
6. Medical and Awareness Camps: These camps focus on providing communities with health practices and disease prevention, especially in underserved areas.
7. Youth Empowerment: This program aims to equip youth with the skills, confidence, and opportunities needed to become active, responsible members of society.

Basara Educational and Welfare Society is dedicated to empowering underprivileged communities through holistic development. This report outlines our key activities and their impact during the year 2023-2024.

"I'm so grateful for this health checkup. I did not know I had diabetes until they told me. Now, I can start taking care of myself."

– Ramnath Manjhi- A farmer from Vaishali

Health Checkup Campaigns: A Catalyst for Early Disease Detection

Basara Educational and Welfare Society (BES) played a pivotal role in promoting preventive healthcare through seven comprehensive health checkups conducted across Muzaffarpur, East & West Champaran, and Vaishali districts. These initiatives

focused on early detection of diabetes and high blood pressure, significantly impacting the lives of 1617 individuals.

Key Highlights:

- **Early Disease Detection:** A total of 144 individuals were identified with diabetes and 194 with high blood pressure, enabling timely medical intervention.
-

- **Comprehensive Care:** Beyond diabetes and hypertension, 1279 patients received treatment for other ailments.
- **Drug Distribution:** A total of 1147 drugs were distributed to patients in need.
- **Community Partnerships:** Collaboration with local healthcare providers ensured the delivery of high-quality services.
- Collaborations with local healthcare providers ensured the quality of services.

Ramnath Manjhi, a farmer from Vaishali, had been feeling unwell for months. He was tired, had frequent headaches, frequent urination and often felt dizzy. Worried about his health, he attended one of BEWS's health checkups. To his surprise, the doctors diagnosed him with diabetes. With early intervention and medication, Ramnath Manjhi's condition improved significantly. He was able to return to his work and enjoy a better quality of life.

***"This blanket has been a lifesaver during the cold winter months.
My children can finally sleep comfortably." –
Anita Devi - Muzaffarpur***

Blanket Donation Camps:

To address the challenges faced by the underprivileged during winter, **Basara Educational and Welfare Society** organized 3 blanket donation camps at 3 different locations. These camps provided essential warmth and dignity to 1200 beneficiaries, including women, children, and elderly individuals. Partnerships with local government administration were instrumental in the success of these initiatives.

Anita Devi, a single mother of two from Muzaffarpur, struggled to provide for her family during the harsh winter months. Her children would often fall ill due to the cold, and she had no way to keep them warm. When she received blankets from BEWS, it brought a sense of relief and hope. Her children were able to stay healthy and comfortable, and she was able to focus on providing for them without the added worry of their well-being.

Table 2: Blanket Donation Camp Details: Total Number of Blanket Donation Camps: 3

S. No	DATE	PLACE of Camp	Number of BLANKET
1	21-01-2024	BASRA BAZAR SARAIYA MUZAFFARPUR	1000

Impact and Achievements:

Basara Educational and Welfare Society's efforts have made a significant impact on the lives of underprivileged communities in Bihar

Overall Impact

- **Improved Health Outcomes:** The health checkups contributed to early disease detection, prevention, and better health outcomes for thousands of individuals.
- **Enhanced Well-being:** The blanket donation camps provided much-needed relief and improved the quality of life for underprivileged communities.
- **Community Empowerment:** Basara Educational and Welfare Society's initiatives demonstrated a commitment to social welfare and empowered vulnerable populations.
- **Positive Social Impact:** The organization's efforts have made a significant contribution to the health and well-being of the communities it serves.

"Our health checkups are more than just screenings; they are a lifeline for those who often lack access to essential healthcare. Early diagnosis is key to preventing serious health complications and improving overall well-being." –

Dr. Parmeshwar Ojha- Secretary BEWS

DETAILS OF MEDICAL HEALTH CAMPS

“Our blanket donation camps symbolize our dedication to ensuring that everyone, regardless of their circumstances, has access to basic necessities like warmth. It's a small gesture with a big impact on their lives.” –

Manish Kumar - EC Member BEWS

BLANKET DONATION CAMP

HIV/AIDS Intervention Among At-Risk Populations

1. Overview

The HIV/AIDS awareness campaign targeted at-risk populations aimed to increase knowledge, reduce stigma, and promote safe practices to prevent the transmission of HIV. This initiative included various activities, workshops, outreach programs, and community engagement efforts. The primary objective was to ensure that vulnerable populations were equipped with the knowledge and resources needed to protect themselves from HIV/AIDS.

2. Targeted Populations

At-risk populations for HIV/AIDS typically include:

- Sex workers
- Men who have sex with men (MSM)
- People who inject drugs (PWID)
- Transgender individuals
- Youth in high-risk environments
- Migrants and mobile populations
- People living with HIV (PLHIV)
- Partners of HIV-positive individuals

3. Key Activities

a) Awareness Campaigns

- Workshops and Training Sessions:
 - Held in community centers, local clinics, and outreach locations.
 - Focused on educating individuals about HIV transmission, prevention methods (e.g., condom use, PrEP), and the importance of regular HIV testing.
 - Addressed stigma and discrimination, empowering individuals to take control of their health.
- Distribution of Educational Materials:
 - Flyers, brochures, and posters were distributed in high-risk areas like sex work hotspots, drug usage zones, and bars.
 - Digital materials, including social media posts, were used to reach a broader audience.
- Radio/TV Segments:
 - Partnered with local media to broadcast educational content about HIV/AIDS prevention and treatment options.
 - Dedicated helplines and contact numbers were shared on air for further counseling and support.

b) HIV Testing and Counseling

- Mobile Testing Clinics:
 - Mobile units visited communities with high-risk populations to offer free and confidential HIV testing.
 - Counseling services were provided to those who tested positive or negative, along with information about ART (Antiretroviral Therapy) and other support services.

- Peer Education:
 - Trained peer educators from at-risk groups were hired to engage their communities in HIV prevention discussions, making the information more relatable and trusted.

c) Condom Distribution

- Free condoms were distributed at local bars, brothels, needle exchange programs, and during outreach efforts. Demonstrations on proper condom usage were provided in some cases.

d) Engagement with Local Healthcare Providers

- Capacity Building for Healthcare Workers:
 - Training sessions were held for local healthcare providers to improve their understanding of the needs and challenges faced by at-risk populations.
 - Healthcare providers were educated on non-judgmental, inclusive practices to encourage more people to seek help.

e) Support Groups and Counseling

- Established support groups for people living with HIV, as well as for at-risk populations, to provide emotional support, reduce stigma, and discuss ways to remain healthy.
- Regular one-on-one counseling for individuals in need of confidential advice regarding sexual health, HIV prevention, and treatment options.

4. Challenges

- Stigma and Discrimination:
 - At-risk populations were often hesitant to seek help or participate in awareness programs due to fear of discrimination or exposure.
 - The cultural and societal barriers around discussing sexual health and drug use contributed to challenges in engaging these groups effectively.
- Limited Resources:
 - Despite efforts, the resources allocated for outreach programs, testing, and distribution of materials were not always sufficient to reach all individuals in need.
 - Some areas with high-risk populations lacked the infrastructure for sustained HIV awareness and care.
- Misinformation:
 - Some people continued to have misconceptions about how HIV is transmitted, the effectiveness of prevention methods, or the reality of living with HIV, complicating efforts to provide accurate information.

5. Outcomes and Impact

- Increased Knowledge:
 - Surveys and interviews showed a noticeable increase in HIV-related knowledge among the target populations. Participants expressed greater awareness of prevention methods, including the use of condoms and PrEP, and the importance of regular testing.
- Behavioral Changes:

- Many participants reported adopting safer sexual practices after receiving education, including more consistent condom use.
- Increase in HIV Testing:
 - There was an increase in HIV testing and counseling uptake, especially in high-risk areas.
- Strengthened Community Support:
 - Peer education and support networks proved effective in reducing stigma and encouraging others to participate in prevention programs.

6. Conclusion

The HIV/AIDS awareness initiative among at-risk populations successfully raised awareness and promoted preventive behaviors. However, challenges such as stigma, resource constraints, and misinformation must be continuously addressed for sustained success. Future programs should focus on expanding outreach, strengthening local partnerships, and ensuring that services are accessible and inclusive for all vulnerable groups.

7. Recommendations

- Continuous Outreach and Engagement:
 - Expanding mobile testing units and outreach programs to reach underserved and remote populations.
- Targeted Awareness Campaigns:
 - Focus more on culturally tailored messaging for different communities (e.g., MSM, transgender individuals, sex workers).
- Sustained Support for PLHIV:
 - Ongoing emotional and social support, along with more robust ART programs to ensure long-term health for those living with HIV.
- Combating Stigma and Discrimination:
 - Increased efforts to reduce stigma through media campaigns, community mobilization, and training for health professionals.

By continuing to address these areas, we can work toward significantly reducing the transmission of HIV within high-risk populations.

HIV/AIDS Awareness Report by Basara Educational and Welfare Society

1. Introduction

This report outlines the activities and outcomes of the HIV/AIDS awareness campaign conducted by Basara Educational and Welfare Society (BEWS) targeting at-risk populations. The goal of this initiative was to raise awareness, educate vulnerable communities, reduce stigma, and provide essential HIV-related services such as counseling, testing, and preventive measures.

2. Background

HIV/AIDS remains a significant public health issue in many communities, particularly among at-risk populations. These groups are often marginalized and may not have access to essential information or services, putting them at a higher risk of HIV transmission.

Basara Educational and Welfare Society recognized the need to address this gap and has worked towards empowering these individuals by providing education, resources, and support.

3. Targeted Populations

The focus of this campaign was to engage the following at-risk populations:

- Sex workers
- Men who have sex with men (MSM)
- People who inject drugs (PWID)
- Transgender individuals
- Youth in high-risk environments
- People living with HIV (PLHIV)
- Partners of HIV-positive individuals

4. Objectives

- Raise awareness about HIV/AIDS prevention, transmission, and treatment.
- Reduce stigma and discrimination faced by at-risk populations.
- Promote safe practices, including condom use, HIV testing, and Pre-Exposure Prophylaxis (PrEP).
- Provide access to HIV testing, counseling, and support services.
- Empower at-risk populations to take control of their sexual and reproductive health.

5. Key Activities

The campaign involved a variety of activities designed to engage and educate at-risk populations about HIV prevention, testing, and care. The activities conducted by BEWS included:

a) Community Outreach and Awareness Programs

- Workshops and Training Sessions:
 - Educating high-risk groups about HIV transmission routes, prevention strategies, and the importance of HIV testing.
 - Discussing safe sex practices, including the correct use of condoms and the availability of PrEP as an additional preventive measure.
- Public Awareness Campaigns:
 - Distribution of educational materials such as pamphlets, posters, and flyers in local communities and public spaces frequented by at-risk groups (e.g., brothels, parks, bus stations).
 - Thematic campaigns focused on destigmatizing HIV, addressing myths and misconceptions about the virus, and promoting the importance of getting tested regularly.
- Media Outreach:
 - Collaborated with local radio stations, television networks, and social media to spread awareness about HIV prevention and treatment options.
 - Shared real-life stories of individuals living with HIV to humanize the issue and reduce stigma.

b) HIV Testing and Counseling

- Mobile HIV Testing Clinics:
 - BEWS set up mobile testing units in areas with high concentrations of at-risk populations to offer free, confidential HIV testing.
 - Individuals who tested positive were provided with information about ART (Antiretroviral Therapy), treatment options, and ongoing support.
- Counseling and Support:
 - One-on-one counseling sessions were conducted to offer emotional and psychological support, addressing fears about HIV testing, treatment, and living with HIV.
 - A dedicated helpline was established to provide confidential advice, guidance, and resources.

c) Condom Distribution and Safe Sex Education

- Condom Distribution:
 - Free condoms were distributed in high-risk areas. Educational sessions were conducted to ensure proper use and reinforce the importance of using condoms to prevent HIV and other sexually transmitted infections (STIs).
- Safe Sex Education:
 - Workshops focused on educating participants about safe sex practices and the importance of consistent and correct condom use. Special emphasis was placed on MSM and sex worker communities, where safer sexual practices were often neglected.

d) Peer Education and Involvement

- Peer Educators:
 - BEWS trained individuals from the target populations to act as peer educators within their communities. These peer educators, who could relate directly to the challenges faced by their peers, conducted outreach and facilitated education on HIV prevention and treatment.
- Peer-Led Support Groups:
 - Support groups were established for people living with HIV (PLHIV), offering a safe space for individuals to share experiences, discuss challenges, and receive emotional support from others facing similar issues.

e) Collaboration with Healthcare Providers

- Training for Healthcare Professionals:
 - BEWS organized training sessions for healthcare providers to ensure they offered non-judgmental, compassionate, and confidential care to at-risk populations.
- Linkages to Health Services:
 - BEWS facilitated linkages to local healthcare centers for individuals needing further medical care, such as HIV treatment, ART, and mental health services.

6. Challenges Faced

While the campaign made significant progress, several challenges were encountered:

- **Stigma and Discrimination:**
 - Many at-risk individuals were unwilling to seek help due to fear of discrimination. This challenge was particularly significant in the case of sex workers, MSM, and transgender individuals.
- **Cultural and Societal Barriers:**
 - Societal taboos around discussing sex and HIV often hindered effective communication and education in some communities.
- **Limited Resources:**
 - The demand for HIV services, including testing, counseling, and education, often outpaced the available resources, limiting the reach of the program.

7. Outcomes and Impact

The campaign has had several positive outcomes:

- **Increased HIV Knowledge:**
 - Surveys and interviews with participants showed a notable increase in knowledge about HIV transmission, prevention, and treatment options among the target population.
- **Behavioral Changes:**
 - Many individuals reported adopting safer sexual practices, including consistent condom use and a higher likelihood of getting tested regularly for HIV.
- **Increased HIV Testing:**
 - A marked increase in HIV testing rates was observed, particularly among those who had previously avoided testing due to fear or stigma.
- **Strengthened Community Support:**
 - Support groups and peer education programs created a more supportive environment, reducing isolation and fostering solidarity among people living with HIV.

8. Recommendations for Future Programs

- **Sustained Outreach and Education:**
 - Continuation of community-based awareness campaigns, with a focus on reaching remote and underserved areas.
- **Expanding Access to Testing:**
 - Expansion of mobile testing units and efforts to make testing more accessible, especially in high-risk zones.
- **Addressing Stigma:**
 - Ongoing efforts to challenge societal stigma through targeted media campaigns and education, aiming to create a more supportive environment for at-risk populations.
- **Collaboration with Other Organizations:**
 - Strengthening partnerships with government bodies, healthcare organizations, and other NGOs to increase resource availability and improve service delivery.

9. Conclusion

The HIV/AIDS awareness campaign by Basara Educational and Welfare Society successfully educated at-risk populations, provided HIV testing and counseling, and promoted safe practices to prevent HIV transmission. While challenges remain, particularly related to stigma and limited resources, the initiative has made a positive impact in raising awareness and improving access to HIV prevention and care services. Continued efforts, partnerships, and community engagement will be essential to further reduce the spread of HIV and improve the quality of life for at-risk and HIV-positive individuals.

"Voices of Impact"

"This blanket is more than just a piece of cloth; it's a symbol of hope for our family. We're so thankful for the support." –

A father of three from Muzaffarpur express his feelings after receiving blanket from Basara Educational and Welfare Society

"The doctors were so kind and explained everything to me in a way I could understand. I feel like I have a better understanding of my health now." –

A young man from West Champaran

"I was shivering so much, I couldn't sleep. Now, thanks to this blanket, I can finally get a good night's rest." - A young mother

from East Champaran

"Before, I was afraid to leave my house during the winter because of the cold. Now, I can go about my daily chores without worrying." –

An elderly woman from Muzaffarpur

A Community Transformed

The village of Mushhar Tola Jagiraja, Saraiya, located in Muzaffarpur district, was plagued by various health issues. Many residents suffered from diabetes, high blood pressure, and other chronic illnesses. BEWS's health checkups provided a much-needed solution. The villagers were able to get their health checked, receive treatment, and learn about preventive measures. As a result, the overall health of the community improved, and the villagers felt empowered to take charge of their well-being.

Third Annual Day Celebration Ceremony

On 21st January 2024, the Basara Educational and Welfare Society proudly celebrated its third annual day Ceremony at Basara Bazar, Main Road, Muzaffarpur, Bihar. The event was organized by the Basara Educational and Welfare Society with the aim of celebrating women

empowerment and highlighting the importance of education in transforming the lives of women in the region.

The theme of the event was:

“Nari Sashaktikaran Vichar Ghosht i and Nari Samman Karyakram”

The event commenced with the inauguration by Ms. Shalini Mishra, MLA from Kesariya, and Mr. Ashok Kumar Singh, MLA from Paroo, who together lit the ceremonial lamp. In her address, Ms. Mishra emphasized the role of education in women’s empowerment and reiterated the importance of providing women with the knowledge and tools to take control of their futures. She acknowledged the continued efforts of Chief Minister Mr. Nitish Kumar in uplifting women across the state.

Dr. Parmeshwar Ojha, a retired medical professional and long-standing supporter of our initiatives, was recognized for his

exceptional contributions over the past several years. His unwavering commitment to improving the lives of the underprivileged and marginalized women of the region was applauded.

Our key message for the event was:

"Empowering women in Bihar is not just about education; it is about giving them the tools and confidence to shape their own futures. With each woman empowered, we move a step closer to a stronger and more progressive Bihar."

The event witnessed the gracious presence of several notable dignitaries, including BJP leader Mr. Bhupal Bharti, former head Mr. Ashfaq Alam, Mr. Saroj Singh, Dr. Anand Kumar Mishra, Dr. Abhishek Kumar, and Mr. Arvind Kumar, whose continued support is invaluable to our cause.

As we concluded the ceremony, we reflected on the progress we have made in the last year, and reaffirmed our commitment to advancing women's education and empowerment. The Third Annual Day Ceremony was a remarkable milestone for our organization, and we look forward to continuing our efforts to create lasting change in the lives of women in Bihar.

Financial Overview

Basara Educational and Welfare Society is committed to transparent financial management. The following provides a summary of our income and Expenditure during the fiscal year 2023-2024:

Income

- Donations: INR 624,251
- Other income: INR 8277

Expenditure

- Program expenses: INR 610128
 - Administrative expenses: INR 32400
 - Net Surplus Over Expenditure: INR 1,080

नारी शक्ति जब गरजती है तो इतिहास बदल जाता है: शालिनी मिश्रा

चम्पारण कैसरी मुजफ्फरपुर

जिले के सरैया के बसरा में एजुकेशनल एंड वेलफेयर सोसायटी के तृतीय वार्षिक उत्सव के अवसर पर नारी सशक्तिकरण विचार गोष्ठी एवं नारी सम्मान समारोह का उद्घाटन करते हुए केसरिया के विधायक शालिनी मिश्रा ने बोली कि नारी शक्ति जब गरजती है तो इतिहास बदल जाता है। इन्होंने कहा कि नारी शिक्षित व जागरूक होती है तो परिवार व समाज को बदल देती है। बिहार में आने वाले दिनों में नारी परचम लहराएगी। विगत पंचायत चुनाव में 56 प्रतिशत सीटें महिलाएं जीती हैं। नारी सम्मान व सशक्तिकरण की बात आती है तो मुख्यमंत्री नीतीश कुमार से अलग नहीं सोचा जा सकता है। हर क्षेत्र में महिलाएं को

आरक्षण देकर सम्मान देने का काम मुख्यमंत्री ने की है। इन्होंने बोली कि सेवानिवृत्त चिकित्सक डा परमेश्वर ओझा द्वारा की जा रही समाज सेवा को भुलाया नहीं जा सकता। समारोह में परमेश्वर ओझा द्वारा एक हजार गरीबों के बीच कम्बल बांटा गया है। वह काबिले तारीफ काम है। मैं इनके प्रति आभार प्रकट कर रही हूँ। इस अवसर पर पारु विधायक

से ही समाज सेवा की है। आज नारी सम्मान समारोह का आयोजन कर बसरा में एक बेहतर सामाजिक पहल किया है। कार्यक्रम में धन्यवाद ज्ञापन करते हुए डा परमेश्वर ओझा ने कहा कि मैं सेवानिवृत्त हूँ। आज भी गरीबों की मदद की है। आज भी सेवा भाव से ही नारी सम्मान कार्यक्रम व कम्बल वितरण कार्यक्रम का आयोजन किया गया है। समारोह में 1000 गरीबों के बीच कम्बल का वितरण किया गया है। समारोह को पूर्व मुखिया अशाफक आलम, सरोज सिंह, डा आनंद कुमार मिश्रा, डा अभिषेक कुमार, अरविंद कुमार आदि ने संबोधित किया। समारोह में गरीबों के बीच शालिनी मिश्रा ने संस्था के माध्यम से कम्बल बांटा। दिल्ली, महादलित एवं गरीबों के बीच कंबल का वितरण किया गया।

हि हिन्दुस्तान

सरैया, हिन्दुस्तान संवाददाता। बसरा में रविवार को बसरा एजुकेशनल वेलफेयर सोसायटी की ओर से नारी सशक्तिकरण विचार गोष्ठी एवं नारी सम्मान समारोह का आयोजन किया गया, जिसका उद्घाटन केसरिया की विधायक शालिनी मिश्रा एवं पारु विधायक अशोक कुमार सिंह ने संयुक्त रूप से दीप जला कर किया। विधायक ने कहा कि नारी का शिक्षित होना जरूरी है। सीएम नीतीश कुमार हमेशा से महिलाओं के उत्थान के लिए प्रयासरत हैं। पारु विधायक ने कहा कि सेवानिवृत्त चिकित्सक डॉ. परमेश्वर ओझा पिछले कुछ वर्षों से लगातार गरीबों व महिलाओं के उत्थान के लिए कार्य कर रहे हैं, जो सराहनीय है। इस मौके पर भाजपा नेता भूपाल भारती, पूर्व मुखिया अशाफक आलम, सरोज सिंह, डॉ. आनंद कुमार मिश्रा, डॉ. अभिषेक कुमार, अरविंद कुमार आदि मौजूद थे।

Our Future Endeavours

Building upon our successes, Basara Educational and Welfare Society is committed to expanding our reach and impact in the coming year. To achieve this, we have developed the following strategic initiatives:

1. **Comprehensive Hygiene Education:** Implement a comprehensive training program for primary school children to promote basic hand hygiene and sanitation practices.
 2. **Menstrual Health Empowerment:** Launch a targeted program to address menstrual health and hygiene among girls aged 10-18 in government schools. Our aim is to reach 100 schools and support 6,000 girls within this age group.
 3. **TB Patient Support:** Establish the "Nikshay Mitra Program" to provide nutritional supplements to TB patients throughout their treatment, ensuring their well-being.
 4. **Disaster Relief:** Distribute dry ration kits to flood-affected communities in Bihar to alleviate immediate needs.
 5. **Palliative Care Services:** Offer compassionate palliative care services to terminally ill cancer patients, providing comfort and support during their final stages of life.
 6. **Government Facilitation for Cancer Patients:** Develop a program to assist cancer-affected patients in accessing government-supported treatment facilities in major cancer centers in Bihar.
 7. **Community Health Initiatives:** Continue to organize health check-up camps and blanket donation drives to address the needs of vulnerable populations.
 8. **Government Grant Pursuit:** Actively seek opportunities to participate in government projects, RFPs, and EOIs that align with our organizational vision and mission.
-
